## Professional Summary

Aspiring Full Stack MERN Developer with strong skills in building scalable and responsive web applications. Proficient in React.js, Node.js, Express.js, and MongoDB. Passionate about problem-solving, collaborative development, and writing clean, maintainable code.

---

## Technical Skills

Frontend: HTML, CSS, JavaScript, React.js, Bootstrap, React Bootstrap, Tailwind Css

Backend: Node.js, Express.js

Database: MongoDB, Mongoose

Version Control: Git, GitHub

Other Tools: Postman, JWT Authentication, Thunder Client

---

## Projects

### 1) E-Commerce Web Application ~ [Project GitHub Link](#)

~ Developed a full-stack e-commerce platform using the MERN stack (MongoDB, Express.js, React.js, Node.js).

~ Implemented JWT-based authentication and MongoDB integration for secure user login and persistent data storage.

~ Strengthened skills in API development, state management, and RESTful routing.

### 2) Central Animal Records Web Application

Web Developer Intern – Shirish Productions (Australia-based Client)

~ Contributed to the development of a pet management web application for Central Animal Records, an Australian-based organization.

~ Actively worked on frontend features, UI/UX improvements, and bug fixing to enhance usability.

~ Gained practical experience with Figma, responsive design, and debugging in a collaborative, real-world environment.

---

## Education

### Bachelor of Engineering (B.E) in Electronics and Communication Engineering

KLS Gogte Institute of Technology, Belgaum

CGPA: 7.75/10

## Internship – Work Experience

### 1) Shirish Productions (Web Development Intern)

March 2025 - Present

- ~ Worked as a Web Development Intern on real-world projects, including an Australian-based pet management app.
- ~ Gained experience in frontend development, debugging, and UI/UX collaboration using Figma.
- ~ Strengthened technical skills, problem-solving, and teamwork, and was recognized for quick learning and consistent contributions.

### 2) FUEL (Friends Union for Energizing Lives) (Web Development Intern)

Jan 2024 – March 2024

- ~ Developed and maintained web applications using Python and the Django framework, optimizing performance and improving scalability for higher concurrent user capacity.
- ~ Collaborated with the team to implement new features, ensuring cross-browser and cross-device compatibility through thorough testing and refinement.

---

## Certificates

- ~ Full Stack (MERN) development - Clean Code
- ~ FUEL Internship – web development.
- ~ ULTIMEZ Hackathon – ULTMIEZ TECHNOLOGY

---
